January 2017

TRANSFER STATION

The City of Statham would like our citizens to know that we have heard from you and agree with you. The Mayor and Council Members are not in favor of a transfer station coming to our area. We will continue to do all we can in keep this from happening.

A Transfer Station is NOT the same as a Dump. This setup is to bring trucks in and dump it and is inside a building and then it is put into a bigger transfer truck to haul away to the dump.

The City of Statham has not issued any permits or will not issue any permits to build a transfer station. It will wind up in court, and the covenants on the Industrial Park will prohibit that type of business.
